Biodiversity Conservation Commitment

1. Purpose

Biodiversity is the Earth's life network and the foundation of corporate development. The disappearance of every species poses an irreversible risk to humanity's survival. Shanshan Technology is committed to integrating biodiversity into corporate strategy and daily operations, actively protecting ecosystems and working hand in hand with all parties to achieve coexistence harmoniously.

2. Scope of Application

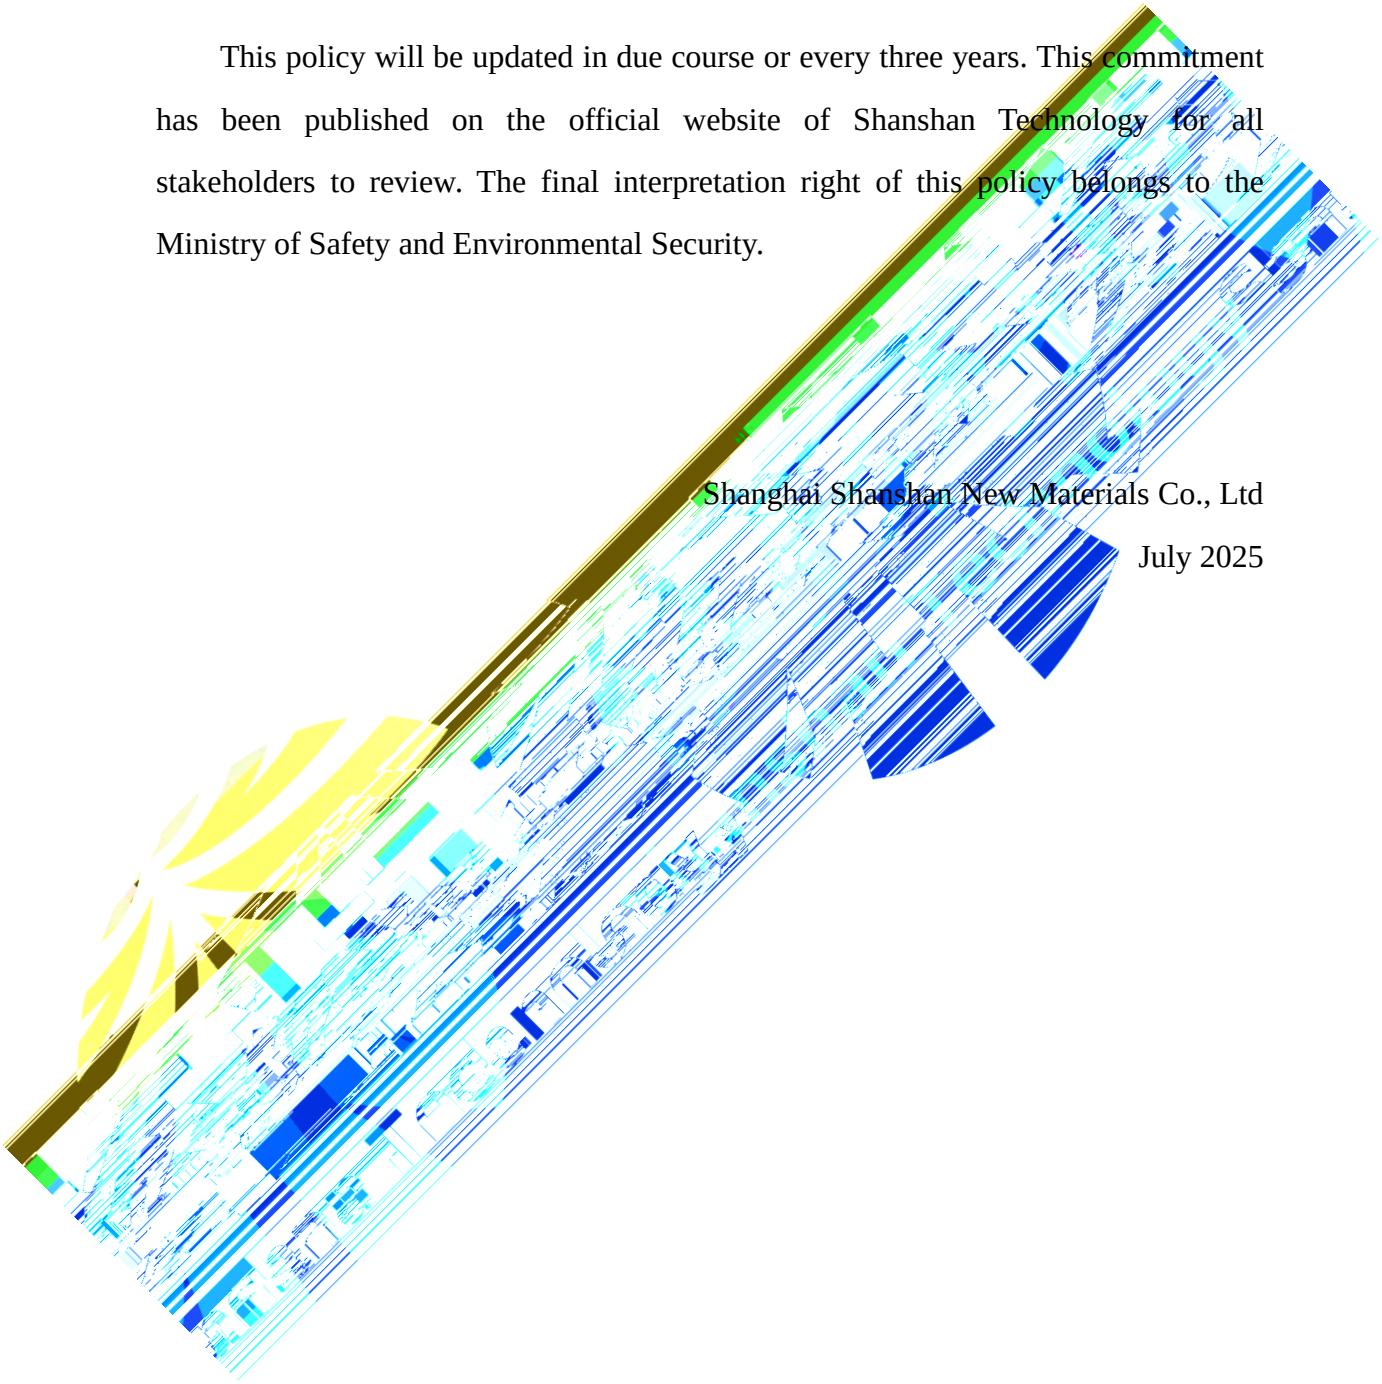

This policy applies to Shanshan Technology and its subsidiaries (Materials Co., Ltd., hereinafter collectively referred to as the "Company"). The Company requires its stakeholders to

humanity's future. We will be driven by innovation and guided by responsibility, contributing our corporate strength to achieving global biodiversity goals.

4. Revise

This policy will be updated in due course or every three years. This commitment has been published on the official website of Shanshan Technology for all stakeholders to review. The final interpretation right of this policy belongs to the Ministry of Safety and Environmental Security.
